Leland Scheu, Bride Fly To Honolulu On Honeymoon

Euclid Ave., and Miss Julia Walker Smith, Friday, 7 p.m. The Rev. Alden S. Mosshammer of the First Congregational church, Pasadena, officiated.

Ivy and pink daisies were used as decoration and guests were seated at tables decorated with flowers and flowery umbrellas. Japanese lanterns were used for lighting.

The bride wore a waltz length Don Loper original gown of imported white French lace with iridescent rose and blue beads over heaven blue satin. A small cap of matching lace completed her cotsume.

Mrs. Frank M. Taylor Jr., 7647 Alta Cuesta, Cucamonga, the matron of honor, wore an original Don Loper frock of twilight blue silk organza over satin.

A reception followed in the tropical garden of the Smith home where dinner was served.

A quartet provided music preceding the ceremony, during the dining hour and following when there was dancing.

Added Staff, Sixth Grade At St. Joseph's

St. Joseph's Catholic school will open Tuesday with both an enlarged staff and an increased school population. The program will include sixth grade for the first time.

Approximately 100 more students are registered than were enrolled when school closed in June, and pupils will number approximately 330.

New staff members are Sister Mary Celestine and Sister Mary Benedict, who arrived this summer from Ireland. Mother Annuntiata is the school principal.

Junior High Expects 431

Registration at Upland Junior High school totals 431 students, according to Edwin P. Dean, principal. Of these, 218 will be in the seventh grade and 201 in the eighth grade. In addition 12 students, distributed between both grades, are in the point one program of special classes.

Mr. Dean stated that enrollment the first day may be below the above registration as some children, who are out of town, will not attend when school opens. On the other hand Mr. Dean reports that two or three students, newcomers to Upland, are registering every day and he is hopeful that school population will be contained within available facilities.

When school closed in June the Junior High school had an enrollment of 344.

Bush Baby Home Again

"Bushy" the half-pint year-old galago, brought to Upland from Africa a few weeks ago by Mrs. Alfred G. Richardson, has been found and returned to the Richardson family.

The tiny bright eyed creature, missing four days, suffered no ill effects, and he knew where the pickings were good. Dr. and Mrs. Leslie Hoag, 1328 N. Euclid Ave. discovered him in their kitchen eating grapes! He entered by way of the chimney.

Less than six inches long, his supple tail, which he manipulates constantly, is twice the length of his body. As Mrs. Richardson credits The News story with the recovery of "Bushy" she and her two children, Mary Lynn and Alfred Engle, brought him in to say thanks.

The Richardsons are now occupying their new home at 1392 N. Third Ave. Mr. Richardson, who is still in Nairobi expects to join them in December. The two children have spent the past year with Mrs. Richardson's cousin, Mrs. Dean Engle.

Half of Euclid Estates Sold

A volume in sales amounting to $320,000 has been made before the second unit of Euclid Estates, in Upland, opens on Saturday, announced Don W. Schmidt, builder and developer. "This means that 50 percent of our unit is sold with approximately 50 percent left for prospective home-buyers after the opening," he said.

"As an added incentive to help move this remaining 50 percent within the next few weeks, we are giving a prize to each family who purchases a house within two weeks after the grand opening on Sept. 8," stated Schmidt. "This prize will be the draping of the dining and living areas of the house purchased."

The total personal income of Americans reached an annual rate of $323,000,000,000 in May, a new record.

When you keep the crankcase in your car or other gasoline engine filled with Heavy Duty RPM Motor Oil, you get extra protection against the main causes of engine wear and repair. Here's why:
A detergent in "Heavy Duty RPM" prevents deposits of carbon, gum, and lacquer on cylinders, rings, and other parts. Other compounds resist oxidation and sludging, prevent corrosion and stop foaming. So to get more miles and more years of service, remember to always use Heavy Duty RPM Motor Oil.

Judge Jacobs Pioneers Use Of Recovery Plan

West End judges, who have turned to members of Alcoholics Anonymous for aid when the court is confronted with a problem alcoholic searching for a solution to his or her problem, have been more than pleased with the high rate of recoveries, Judge Fred H. Jacobs, Upland justice court magistrate stated in a recent report.

Judge Jacobs, and Judge George D. Imhoff, magistrate of the Ontario justice court, are two of the pioneer judges in San Bernardino county to use A.A. in regular court procedure.

Both judges, studied the principles behind Alcoholics Anonymous for a period of several months before trying the program in court procedure.

Today, when men or women indicate that they recognize a problem within themselves and want to do something about it, the judges are prone to make it possible for them to become acquainted with A.A.

This is generally done through conditions of probation connected with the suspended portion of a sentence. In some cases the entire sentence may be suspended under conditions of probation.

One of the conditions of probation is the attendance, by the defendant, at regular A.A. meetings. There is no system used to check the defendant's attendance other than his or her report to the judge at regular intervals.

A.A. SPECIALIZES

Members of Alcoholics Anonymous devote themselves to different approaches to reach the alcoholic who still suffers. Some specialize in city jails and courts, some in state hospitals, others in psychopathic wards and still others in hospitals. Because of this the two West End judges have had the same members of A.A. to work with over a period of years.

"These A.A. members working with the court aren't trying to keep drunks from going to jail. Instead, they are trying to aid the sick alcoholic to way of life where drinking is no longer necessary," Judge Jacobs points out.

When the Upland magistrate decided to try A.A. for the first time he selected a man whose background he had been familiar with for more than a score of years. This man appeared on his second drunk driving charge and expected a severe sentence.

After talking at length with the man, the judge learned that here was one who had long known that something was wrong with his life but he could not figure out what he was doing wrong. He knew that alcohol was his problem but he did not know how to quit drinking.

A.A. SUGGESTED

The judge suggested A.A., which was something new so far as the defendant was concerned. But desperate for relief from this curse of alcohol, he readily agreed.

This was on January 16, 1953. The judge withheld sentencing until January 30. The defendant attended his first meeting and was enthralled. He continued to attend meetings with mounting enthusiasm.

When sentence was pronounced the judge suspended the confinement portion on conditions of probation. One of these was that the defendant continue to associlevied by Judge Jacobs. As he wrote out the check he remarked to the judge: "If this check was for $5,000 it would be cheap for what I've learned in the last two weeks."

This man, still sober, is now one who works closely with the Upland court when a member of A.A. is needed for counsel when problem alcoholics appear before the judge.

POLICE INTERESTED

When chronic offenders, over a period of many years, suddenly ceased to be offenders members of the Upland and Ontario police departments became interested in this new court procedure.

Police Chief Ralph Palmer, head of the Upland police department, and Police Chief H. W. Swinney, of the Ontario department, were quick to use this A.A. help in departmental administration.

Individual policemen interested themselves in the movement and became posted on the workings of Alcoholics Anonymous. Several Uplanders, now living happy useful lives without alcohol, owe their introduction to A.A. through advice given them by officers in the Upland police station.

Police officials, officers and magistrates now recognize the alcoholic as the victim of a malady who needs specialized treatment. To date A.A. is the most successful foil against alcoholism and is responsible for 15 times as many recoveries as all other social agencies combined.

"The change in these people, once recovery has set in, is miraculous," Judge Jacobs said. "The first time I was invited to participate in an A.A. meeting I was afraid that I would encounter hostility among those who had been sentenced in my court. I was astounded to meet the most jovial group of people I ever met in my life. Those I sentenced laughed about it and bore me no malice. They have learned to treat past disasters as a joke on themselves, but they are dead serious about this thing of staying sober."

Alcoholism is rated today as the third killer among diseases, second only to one of the social diseases for life committment to state hospitals and the fourth major health problem in this nation.

"With the number of alcoholics before the court constantly on the increase, it is little wonder that any thinking magistrate will turn to a program for aid that is freely and willingly offered in the manner that A.A. is presented," Judge Jacobs said.

At a meeting of the local A.A. group in Ontario, earlier this year, Judges Jacobs and Imhoff were among guests as were Police Chiefs Palmer and Swinney.

BIRTHDAY MEETING

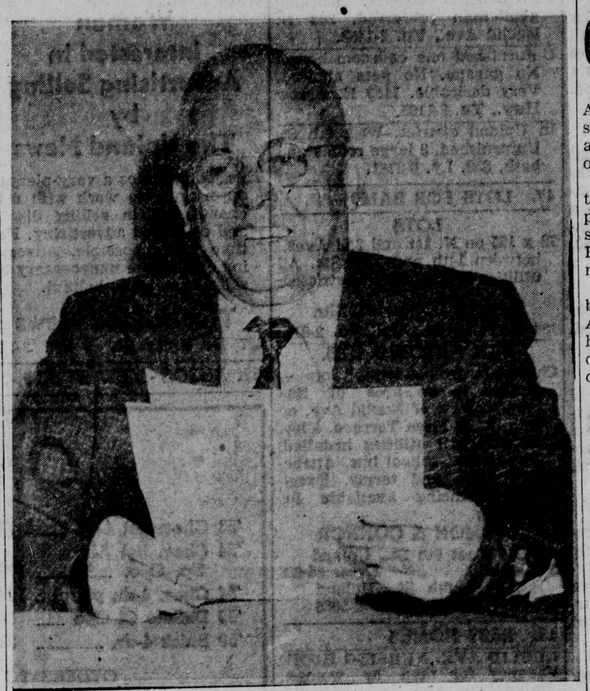

This was a regular monthly birthday meeting with cakes being presented to those completing successful years of sobriety. Candles on the cakes denoted the years of sobriety.

Judge Jacobs presented a cake with three candles to one man who first, learned of A.A. through the local court. Among seven receiving cakes during the meeting four were from Upland and three learned of A.A. for the first time from Judge Jacobs or members of the Upland police department.

No alcoholic is hopeless in the eyes of A.A. If the man or woman has an honest desire to stay sober they have a good chance.

"It is these people who want to do something about their lives that we are greatly concerned about and want to help along the road to recovery," Judge Jacobs points out.

Judge Finds Aid For Alcoholics

Judge Fred H. Jacobs, Upland court magistrate, on the bench in his courtroom. He has found that Alcoholics Anonymous offers the answer in many cases as an increasing number of alcoholics are haled into court.

Euclid Signals Going In Soon

A new signal system at Euclid Ave and Foothill Blvd. and new signals at Euclid and Arrow Hwy. are scheduled to be ready for operation by Nov. 5.

Paul Gardner, Ontario contractor, said he would add a fourth phase to the Foothill signal plan soon. This change will advise Foothill motorists, who wish to make left turns, when to move.

An automatic signal system will be placed for the first time on Arrow and Euclid. Mr. Gardner has the contract from the state division of highways for signals on Euclid in Ontario and here.

Kiwanians Hear Narcotics Talk

Roger Sagouspe, Ontario police department, was the guest speaker at the Upland Kiwanis club meeting in the Sycamore Inn, Tuesday. His talk and a film were on the subject of narcotics addiction.

George Brannan, past president presented one and two year perfect attendance pins to more than 10 members.

Padre Vineyard Co. Wins State Award For Pink Champagne

The best of pink champagne is produced in Cucamonga.

This was evident with the award of a gold medal to Padre Vineyard Co., Cucamonga, for their pink champagne entry into the California State Fair and Exposition wine show.

The Padre Co. hauled in six awards at the Sacramento competition, including a silver award, three bronze medals and one honorable mention. The Cucamonga winery copped two awards, a bronze medal and an honorable mention.

The silver medal for Padre Co. came also in the champagne division for rouge and sparkling burgundy. Two bronze awards came to Padre in the vermouth, dry and light dry divisions with their Vai Bros. entry, and another bronze medal in the muscat sparkling section.

Cucamonga Winery's bronze medal win came in the barbera division, while their honorable mention was in red chianti.

One honorable mention award to Padre Co. came in the rouge and sparkling burgundy division of champagne.

This is a good time to drive carefully, avoid risks and save lives on the highways.

KEEP CHAFFEY INTACT, VIEW OF SURVEY

(Continued from page 1)

filed by Wm. S. Briscoe, professor of education at U.C.L.A. A comprehensive study of population trends and the prediction that this area will become the third largest industrial center in the southland were the basis for forecasting the future master plan development of the Chaffey schools.

The survey estimated Upland's population by 1975 as 50,000 Cucamonga, 40,000 and Etiwanda, 20,000. An enrollment of 1,768 students in the Upland high school by 1965 was forecast.

The junior college enrollment of 3,146 by 1968 was indicated by the survey team.

Selection of sites at an early date provide for the increased students was recommended.

Etiwanda, north of Foothill Blvd. might be the best desirable site for the junior college, the document said.

Concerning divorcing of the Chaffey high school district, the survey committee said; "that to split up the industrial community between school districts is unsound public finance."

Nevertheless, the anticipated tax rates in case of seperation of the district, reflects an advantage to the foothill communities, according to a table of anticipated rates.

"The net effect of the proposed redistricting would be to lower the tax rate approximately 23 cents on all the districts to be included in the new high school district and to raise the tax rate in Ontario and the Mt. View district by 39 cents," says the report.

In the verbal review of the report, spokesmen pointed out he grea industrial possibilities for Ontario. Observers noted, however, that the so-called agricultural area along the foothills would fare better tax-wise through a new district than by remaining with the so-called industrialized Ontario.

First Picture of Two Brothers

Brothers Kermit White, left, and Jack White, right, 829 Seventh St., were stumped for a 75th birthday anniversary esent for their mother in Tucson, Ariz. When they decided giving her a picture of themselves they discovered this as the first picture ever taken of the two of them together.

Queen For Day im Of Mother for Daughter

(Continued from page 1)

ble to provide her injured daughter, Jane, 33, with a special built wheel chair.

Jane, Mrs. Leonard Pellem, was injured in an automobile accident near Eton, Ga., in July of last year. A truck crowded the car she was driving off the road at the end of a narrow bridge.

OUTLOOK DIM

She was pinned under the car, conscious, for six hours before being discovered. She was given little or no chance to live at the hospital where she received emergency care. Among her injuries was a fractured back, crushed ribs on the right side, fractured shoulder, broken leg and her right heel was nearly torn away.

Despite the gloomy outlook of doctors in the first hospital where she was treated, she clung tenaciously to life and made a slow recovery. It was possible to move her to California earlier this year. She has made a remarkable recovery since arriving in home surroundings.

The long period of hospitalization in Chattanooga, Tenn., and New York city, plus expensive medical care and surgery has created costs in astronomical figures.

HOPES FOR AID

Mrs. Loughry, a Jack Bailey fan, decided she had a valid and immediate reason for being "Queen for a Day." She made application to appear on the show. Her daughter has convalesced to the point that she can now use a special type of wheel chair and this appliance would also aid in further recovery, according to medical advice.

Whether Mrs. Loughry is selected as a contestant today will depend on the five chosen Thursday prior to the program and the one finalist selected by the audience during the program.

Allens Observe 50th Anniversary

(Continued from page 1)

an Upland businessman longer than any other person and they have many other distinctions. Their home is at 279 S. Euclid Ave. and during the half century they have resided either at this address or at 297 S. Euclid.

Their life has bridged many eras, from the horse-drawn mode of travel to the present. They know about the former era. Following the ceremony Sept. 4, 1900 in the Sunset hotel, San Bernardino, the newlyweds drove a team to Big Bear, taking two days to get up the steep incline over the narrow road. They remained at the resort 10 days.

Mrs. Grace Strieby, sister of Mrs. Allen, who was in the wedding party, and Ray Colborn, best man for the groom, were among those who recalled the happy event half a century ago.

The Allen home was a very busy place Tuesday, close friends of the popular pioneer couple calling in the afternoon. It was strictly a family party during the evening with more than 75 persons in attendance.

Mr. and Mrs. Allen are the parents of three daughters, Mrs. D. Larry Burgan, Mountain Ave., Mrs. C. C. Brownless, Etiwanda and Mrs. Delwood Mitchell, Laguna Beach and a son, Douglas, 290 S. Second Ave. He is associated with his father in the Upland Transfer & Storage Co.

They have nine grandchildren.

Mr. Allen was the eldest of 10 children, his parents having been very early day residents of the community. Mrs. Allen, whose parents came to the community early in the century, arrived here soon afterwards. It was then when the couple met and the romance followed.

Rev. Morrison, minister of the early day Cucamonga Community church, conducted the ceremony.

"We have greatly enjoyed our half century life and our many relatives and friends in the community," Mr. Allen said.

Among the unexpected callers at the Tuesday open house was Dr. L. V. Harvey, who practiced in Upland more than 30 years ago.

The guest book was signed by 167 persons.

Family members present included Mr. and Mrs. W. E. Fifield and family, Brawley; Mr. and Mrs. Neil L. Fifield and Alvin Fifield, Brawley; Mr. and Mrs. Ed Lease, Alameda; Mrs. Grace Strieby, La Mesa; Mrs. R. C. Jeckel, Ontario; Mr. and Mrs. James Whitson, Cucamonga; Mr. and Mrs. R. H. McLennan, Alta Loma; Mrs. Ella McLean, Lone Pine; Mr. and Mrs. E. R. Sachs and family, Mrs. Starling Carter, Mr. and Mrs. Douglas Allen, Upland; Mr. and Mrs. C. J. Brownless, Etiwanda, Mrs. Delwood Mitchell, Laguna Beach; Mr. and Mrs. Donald Nailon, Brawley and Mrs. S. E. Ball, Alta Loma.

Guests Sunday And Baptism For Nazarenes

Mr. and Mrs. John Anderson of Sunland, will be guest musicians at the 10:50 a.m. worship service in the First Church of the Nazarene. They will also present a number of vocal and instrumental numbers during the 7 p.m. service. The Rev. Wm. E. Thompson, pastor, will speak during both morning and evening service.

The Rev. Myrtle Maxwell will be in charge of the junior church service at 10:50 a.m.

A baptismal service will be at 3 p.m. with a number of neighboring churches cooperating.

Junior Society, Nazarene Young People's meeting and the Adult Class meeting will take place at 6 p.m.

"Divine Dividends" Hart's Topic

The Rev. Trusten A. Hart, minister, will speak in the Presbyterian church at 9:30 and 11 a.m. Sunday, his subject being "Divine Dividends."

This will be Rev. Hart's first sermon since his return from vacation at Lake Tahoe. He and his family came home this week.

The Sunday service will, therefore, mark the real beginning of church activities for the fall.

Sewer Bids May Be Called in 30 Days

Bids for the construction of the city's new sewer system may be called to cover various phases of work so local firms would be in a better position to file estimates, City Manager Elwin Alder reported yesterday.

Plans should be ready for estimates within a month, he said. Rather than asking bids on the entire project, study is being given to the possibility of breaking the work up into various phases.

Fire Destroys Foothill House

Fire that started in dry grass consumed a dwelling on the Wm. Rohrig property, 1100 W. Foothill Blvd. Monday.

The house, west of the Rohrig home, had been occupied by tenants. The building, furniture and an ancient buggy, near the structure, were destroyed. Cause of the blaze is unknown.

Mrs. Rohrig told Fire Chief Howard Paulin flames were first seen in the grass near the building. The fire attacked the house too quickly for Upland firemen to save the structure.

The tenants, Mr. and Mrs. Salvadore Marquez, were absent during the Labor day holiday.

Truth may be hard to ascertain but the search warrants the attention of all individuals.

Two Hog-Calling Local Women Will Vie In Fair Contest

Hog calling competition is going to be at the Los Angeles county fair Sept. 18 — but it is going to start right here between an Upland woman and a Cucamonga woman.

Mrs. Emmott L. Britain, 223 W. 11th St., who got her experience as a girl in calling hogs from a 40-acre field to the feed troughs, is going to be in competition with Mrs. Sarah E. Shaftstall, 8930 Belmont St., Cucamonga. Mrs. Shaftstall is also widely experienced in the art of calling the hefty porkers to feed.

"When I saw the Cucamonga woman on Art Linkletter's program, I decided I would try my voice in the fair contest, so I wrote to the fair people," Mrs. Britain said yesterday.

Incidentally, she appeared on television channel No. 2 Wednesday morning under sponsorship of the fair. Actually, the fair leaders are encouraging the local competition.

Clyde Beattie, head of the special events division at the fair, telephoned The Upland News about Mrs. Britain.

"You have two very good contestants and others who have had experience," Mr. Bailey said.

The local contestants have never met. Each is anticipating seeing the other in action.

120 Grid Prospects Out For Three Upland Football Teams

Seven Coaches Direct Play For Huge Squad

One hundred and twenty football players are on the Upland high school gridiron in preparation for a busy schedule.

In view of the size of the student body, this number is considered unusually large and the big squad includes many outstanding prospects. Seven coaches are directing the aspirants, practices having started Monday.

Three classifications will divide the squad, in accordance with age and size.

Gerry Bel is the varsity coach, being assisted by Harley Lovitt and Gus Reischer, the latter being a new staff member. In due time, a junior varsity squad will be formed.

A "B" squad will be coached by Jerry Kehr, assisted by Paul White. In charge of the "C" squad are Bill Wolfe and Lloyd Connor.

The "C" team has a schedule in the Tri-County league with its first game at Arroyo high school, Rosemead Sept. 27. Practice games are lined up for the varsity, junior varsity and B teams Sept. 21 with Chino teams.

Mrs. Campbell Heads Promotion Group Of Upland Merchants

Mrs. MaeLynn Campbell, proprietor of the Upland Town & Country dress shop, has been named chairman of the business promotion committee of the Upland chamber of commerce.

An intensive promotional campaign is planned under her direction and wide use of the Upland Shopping Center, Inc. name is also contemplated.

Leslie Boyd, president of the chamber, is also president of the Upland Shopping center. Named to assist Mrs. Campbell were John B. Atwood, Clinton Mayberry, Harry Dier, Val Ogella and others.

Courtney Hunt and Gail Frankish At Stephens College

Miss Courtney C. Hunt left Tuesday in returning to Stephens college and Miss Gail Frankish will leave Sunday to enroll in the Columbia, Mo. school.

Miss Hunt, daughter of Mr. and Mrs. Ralph A. Hunt, 1817 W. Ninth St. is house manager for her residence, Fielding Smith hall and she left early to attend a campus leaders' conference opening on Sunday.

Miss Frankish, a June graduate of Chaffey high school, is the daughter of Mr. and Mrs. Nelson A. Gray, 1644 N. Euclid Ave.

10 Registrars In Vote Sign Up

Ten persons in the Upland district are today serving as deputy county registrar of voters with Sept. 12 the final date for becoming qualified to vote in November.

It is reported that many persons who are already qualified to vote have reregistered and have thus added duplication to the files in the county offices. If people have received some ballots or polling place notices, their names are properly on the rolls. Voters who went to the polls in 1954 do not have to reregister.

Registration is for voters reaching the age limit, who have moved from one precinct to another, who have changed their names or who have recently come to the community.

Registrars are Mrs. Barbara Brewer, 1415 N. First Ave., Mrs. Lillian Hilde, chamber of commerce office, Judge Fred H. Jacobs, 411 Eighth Ave., Mrs. Isobel Kalein, 457 N. Third Ave., Mrs. Dorothy Langley, 805 N. Third Ave., Mrs. Lovon Phillips, Wilson Ave., Mr. and Mrs. Harry H. Plum, 484 N. Second Ave., Mrs. Harold Stewart, 243 W. 11th St. and Mrs. Mae W. Stover, 2320 Rosedale Curve.

Mr. and Mrs. Walter Sprague are newcomers at 272 Greentree Rd. coming here from Redlands. They have two children, Linda and Paul. Mr. Sprague is employed by the White Distributing Co., Ontario.

Milton S. Eisenhower, the president's brother, has been appointed president of Johns Hopkins University.

Alta Loma Calls $125,000 School Bond Election Oct. 11

The Cucamonga Etiwanda Alta Loma News

Page 1 . The Foothill Page of THE UPLAND NEWS September 6, 1956

Addition to School, New Site, Planned

Voters in the Alta Loma school Oct. 11 to ballot on a $125,000 bond issue.

If approved by two-thirds of the voters, the bond issue will provide funds for purchase of a new 10-acre school site and money for an addition to the present school facilities on Amethyst Ave.

Floyd Stark is principal of the school and school board members who have called the election are Arthur Bridge, Philip Runnels and Arthur Stoefen.

Under option, subject to the bond approval, is a 10-acre site on Carnelian Ave., north of Baseline. The property will be purchased from John Belcher, pioneer Alta Loma resident, if the bonds are passed. Purchase price is $30,000.

Sum of $80,000 will be used for classroom additions to the Alta Loma school and $6,000 is scheduled for improvement of the present school site with a parking lot, installation of curbs and sidewalks and grading. Ground improvement on the new site and the present site will take up the balance of the proposed funds. Actual work on the new site will not be planned until enough students are present to require more facilities.

Purchase of the new site is part of a long-range plan program and the price offered is considered unusually favorable.

Alta Loma Mission Program

Day long activities emphasizing Mission work is the program at Alta Loma Community church Sunday. Fred Eyer, Sunday school superintendent has announced a class of Bible study, suitable for all ages, plus a missions' service during the first program, starting at 9:45 a.m., when Mr. and Mrs. Christobal Hidalgo, of Radio station HCJB, Quito, Ecuador, will tell of their experiences in children's work there.

During the service at 11 a.m. Mr. Hidalgo will speak on his work in Ecuador where he is the secretary of the Christian Business Men's Committee in Quito and head of the correspondence school of HCJB, over which lessons are given 10,000 students. Born in Quito he received his training there. His wife is the former Marjorie Lindman of Upland and she is also active in missionary work. Mrs. Hidalgo will present several musical numbers in the morning.

Climaxing the day's activities there will be a special service at 7 p.m. when students of the Practical Missionary Training, Inc. will tell of their training this summer in Cuba. These young people were in Alta Loma in April prior to their departure and have been back in the U. S. only three weeks. Their program also includes vocal and instrumental selections.

Atwood Tells Of Recorder's Work

On an average, 550 documents a day are filed in the county recorder's office, Floyde L. Atwood, former Uplander, reported at the meeting of the Upland Lions club in the Upland Woman's clubhouse at noon Thursday. He is a former member and president of the local club.

Incidentally, fees on the filing produce an annual income of $300,000 while expenses of the office are $200,000, the deputy county recorder said.

Eleven thousand volumes of records have been recorded since establishment of the office in 1854 with about two volumes a day being added to the collection, he said. Microfilming and photostating are now regular practices in saving storage space and in reducing office time, according to the speaker, who said the staff would have to be about three times its present size if it were not for these modern procedures.

The records on mines form one of the largest sections in the department and Mr. Atwood said this county is one of the leaders in the state in mining activity.

C. Ernest Olson was program chairman with President James Colgan presiding.

High School District Must Provide Classroom Solution

Providing educational facilities for a steadily increasing number of students in this area is going to be a problem we will have with us for many years.

One of the top issues at the moment is what to do about the future of the high school — whether to remain as part of the Chaffey district or to form a new high school district.

Regardless of what is decided about this detail, the fact remains high school facilities must be provided in a long range program.

We point to the Upland elementary school district policy as giving the kind of solution we are thinking about. Likewise, Alta Loma school district i sproposing a long range solution.

Early this year, Upland voters approved school bonds with Alta Loma school district is proposing a long range solution. additional classrooms could be built — when needed and when the district was qualified to sell the bonds. Alta Loma school district is calling an election for Oct. 11 along the same policy — providing money for a new site and for adequate classrooms.

Such a policy is what is needed to really provide a solution to the high school problem. Such a solution is very likely if the new high school district is formed. Such a solution is very uncertain if the foothill region continues to be a part of the Chaffey high school district.

Of course, if the attitude of Ontario voters changes and two-thirds of the people subscribe to such a policy, the goal can be achieved in providing a long-range solution.

It is doubtful, however, if such a change in attitude is likely. We hope it might be so. The point is, the big majority of residents in this area will not accept anything less than a solution — a long range solution.

Sept. 12 Is Big Day

It takes so little time and effort for such a glorious privilege, it seems so trite to urge prospective electors to register.

Nov. 6, however, will be just another day for residents in this area who have not by Sept. 12 signed their names before a deputy registar of voters. To the new residents here and others who must re-resgister, emphasis must be placed on the deadline for signing their names.

It is a very sad commentary that in this great land of freedom and opportunity people must be constantly urged to take advantage of the precious privilege that is theirs.

Dr. James Latimer — This Life We Live

NEW FACES FOR OLD:

On June 6th a small group of Japanese girls sailed for home, and had a wonderful send-off as they said Good Bye. There were tears as they left friends on the dock, yet in their hearts there was joy unspeakable. I was interested in their case. They were from the group of children badly burned in the atomic explosion over Hiroshima many years ago. As they grew to womanhood there was no hope for them for their faces were so scarred that no man would think of making anyone of them his wife. Times changed.

I seem to remember their arrival in our country. Certain people in the East who had means and influence began to work on this case. Specialists in plastic surgery offered their services and others provided funds to being this group out of Japan. They were greeted here by reporters and photographers who wanted a story for the papers. They hid their faces in shame. They did not want to be seen, much less spread over the front pages of our daily papers. They were both ashamed and afraid. It was different when they sailed for home, for they had new faces and happiness in their hearts.

I read that some results on the faces of this group of girls was marvelous. There was another change even greater, and that was in their hearts. Certain homes of love and kindness had been opened to them, and hatred was changed to love. They wept as they said Good Bye for in these homes they had learned that there are better things in our land than bombs andseconomic pressure. They gladly showed their faces now, and were not ashamed of the tears that rushed down those new faces.

Personally I thank my God for people like those who helped so materially and for those skilled surgeons who gave and gave of both time and skill. Those several Christian homes also preached long sermons, lasting months and months, without a single word being spoken; sermons of kindness and of love. New hearts were created as well as new faces formed. Faith was perfected in good works. Possibly the Apostle of Bible days meant just this when he wrote that faith without works is dead. New faces for Old, Lord, give us more of them.

Sharps and Flats

BY CORINNE KNOLL

Because this is to be my last week with you as an Uplander, I have asked "Ol' Sharps" to loan me his column for this one more time.

A newspaper office is a wonderful place to be. One learns very quickly many things about a community and its citizens that would take years living in a town, or working at any other job.

I have always thought of a news office as an exciting place, and I still do, though in just a little different way than a little more than a year ago when I first became an Uplander. One does not find the excitement of scandal and crime here as in a metropolitan area. For this I am grateful. I can think of no less appetizing employment than furnishing horror for the dubious entertainment of thousands of strangers.

Here, instead, one feels the very pulse of a closely integrated group. Tragedy there is, yes, but happinss, too. And friendly, interesting people, which is what really makes a community. Interesting and interested citizens.

I have watched with great pleasure the opening and first successful year of the new high school, and observed the pride of the students and their families. I have met the so-called City Fathers and heard them discuss the problems of their town and its citizens, and have been aware of just how deeply they feel their obligation as your servants; I have seen new families come in and become identified with groups of their choosing, and have known how much you make them feel at home; I have seen new businesses open and prosper, new homes built, new roads constructed.

I have helped you celebrate 50 years of progress and met many of the "Old-timers" who were here before that time. It has been my pleasure to have participated in some way in most of the community affairs during this short year.

But mainly, I have met you, Uplanders, on your home ground and have become one of you. I shall probably not be far from this area for any length of time during my life, at least, I do sincerely hope not. But far or near, this little space of time will always be a lovely memory. The friends, the acquaintances — all the associations of this year, I will remember. My employer and his family, who have become my friends, my fellow-workers, too, and the business people who have been my customers (or not,) and whose customer I have been, and the many, many subscribers and contributors to our News — the list is endless it seems, and does not end with the boundary lines of Upland, but stretches like the human heart, to include everyone and everything.

To all of you, my heartfelt thanks for this final year as Corinne Knoll.

A reputation for "knowing" is easily obtained — just keep talking.

Pomona Man Pleads Guilty In Hall Case

A Pomona man, involved in a $1000 Upland burglary, pled guilty in Superior Court in San Bernardino Monday and has applied for probation.

Henry G. Corralejo, 23, 1335 West 11th St., Pomona, previously denied a part in the recent burglary of the home of Mrs. Gertrude Hall. In the opening day of his trial, Monday, he abruptly changed his plea to guilty. A hearing on his application for probation is scheduled for Sept. 21.

Sentencing is slated tomorrow for another man involved in the Hall burglary. Jesus Ruiz Fierro, 21, 867 West Monterey, Pomona, pled guilty earlier, and the probation department has been preparing a pre-sentence report.

The Pomona youth told the court that he did not want to be considered for probation but wanted to be sentenced. It has been reported from San Bernardino, however, that the court is considering probation for Fierro.

Fierro also admitted a part in 16 other burglaries in Los Angeles county.

Yesterday, Today and Tomorrow

By GERRY McGEER

The fig tree was given up for dead. Sheer perseverance, doses of vitamins and steady watering resulted in it finally leafing very late. To my amazement it has nearly a dozen figs and I have seen no blossoms. Never having possessed a fig tree I don't know what the blossoms look like, or if there are any. I consider the whole thing a miracle, but when we really think about it all growing things are miracles.

The slender treelet got plenty of care, but in the past I've killed more than one plant or tree with too much care and some ignorance.

That is a natural human trait and I do not feel that I am alone.

What we do to plants we also do to humans. At long last someone in authority has come up with something really sensible about youngsters. Nathan Sloate, chief of social service for the State Department of Mental Hygiene, testified recently before an assembly committee on teen age employment problms.

He said, to boil it down, that lack of constructive activity, such as employment affords, frequently affects the mental well being of youth.

It's possible. But I wonder why things that are patently obvious to many people have to be given such dire significance before mom and pop and the legislators catch on.

Gainful employment is the well spring of existence in this country and in western economy. Because employment of children was abused, or said to be abused it became illegal to hire children with the result that too many of them are growing up with the idea that there's something wrong with earning an honest dollar. With parents both working, children who could work expect things, including plenty of pocket money, a car and the price of taking the girl friend out and not a few parents shell out. The allowance has become a bribe because junior must be kept happy.

When junior gets into trouble, I have it on the word of Chief, Ralph Palmer, parents seldom believe that sonny has done anything wrong.

I'm all for Mr. Sloate of Sacramento who said in conclusion, "If youngsters are given some chance it can do them a lot of good and the community a lot of good," in urging that the committee recommend legislation that will open up jobs for youth, and also for mentally retarded young people.

While getting the mentally retarded established in useful fields would seem to be a job for experts the same isn't a fact with regard to normal youngsters.

I asked a boy, just 18 years of age, who has a job for the first time what he thought about the situation.

"I used to think it was a good rule, before I was 18, he said. "But I think it has advantages and disadvantages. Too many kids working would take jobs away from people who have others to support."

I asked him if he had ever thought how this would apply in all cases.

A lot of people with money and jobs would be out of work in a flash.

Money is important, but it isn't the sole need of people who work.

Equally important is the idea some youngsters can't escape having that there's an easy way to get things without effort.

A most recent survey points up the fact, and it may seem inconsistent with some of the previous remarks, that many youngsters have more free pocket money than their fathers do!

If that's so I've little sympathy for father.

Worker in Wood Looks Over All-Metal Screen House Construction

Arnold Korsell, Upland carpenter, who specializes in wood construction, examines the all-metal screen house at Upland Lumber & Milling Co. The pre-fabricated, do-it-yourself building is the outgrowth of an original idea by Max Lauderback, 1474 No. Euclid Ave. Reynolds Metal Co., Louisville Ky. picked up the idea and is marketing the houses nationally.

Do-It-Yourself Units Now On Local Market

A national manufacturer of metal products picked up an idea from an Uplander that is now in distribution throughout the nation.

Max Lauderback, 1474 No. Euclid Ave., made an unusually large purchase of do-it-yourself aluminum material early in the year from the Upland Lumber & Milling Co. Bob Joines, who handled the sale, became curious and asked what use was to be made of this large amount of material.

He learned that Mr. Lauderback was making a retreat from flies and insects. Owners of pools and patios have long been plagued with large gatherings of offensive insects during hours of relaxation.

When displayed, Mr. Lauderback's handiwork was a firmly constructed light screen house that can easily be moved and used for lawn, patio or pool. The screen house was constructed ample enough to accomodate a sizeable group and comfortable furniture.

A feature story by Gerry McGreer in The Upland News about Mr. Lauderback's ingenuity reached the offices of the Reynolds Metal Co. at Louisville, Ky. Officials of the firm immediately investigated this new field for pre-fabricated metal products.

Several weeks ago the Reynolds Metal Co. announced they were offering a do-it-yourself screen house on the national market. They varied use of structural design somewhat but closely followed the idea Mr. Lauderback developed.

The Upland Lumber Co. was given the opportunity of offering the first of these screen houses for sale on the West Coast. It was through forwarding of the feature story from the Upland Lumber Co. that the Reynolds Metal Co. was made aware of this possible market.

Two men from the Reynolds Metal Co. factory arrived shortly after shipment of the first screen house to brief employes of the Upland Lumber Co. on erecting details. The house is now on display at the lumber company.

These pre-fabricated houses are 9 x 12 ft in area and are rustproof, rotproof, aluminum throughout and won't warp, crack, buckle, splinter or sag, according to the manufacturer.

This new convenience may be used for entertaining, dining, or relaxing. The screen house may also be used for an emergency guest house. It is easy to move and if placed on the lawn can be readily moved about to keep from killing the grass.

Complete instructions and diagrams are furnished with the pre-fabricated houses to enable the do-it-yourselfer greater ease in assembling the parts.

Aluminum Designed for Building

Red Franklin, Upland Lumber & Milling Co. employe, holds a strip of Reynolds do-it-yourself aluminum similar to that used by Max Lauderback, 1474 No. Euclid Ave., in building a screen house for protection from insects. The adaption of Mr. Lauderback's idea is the pre-fabricated screen house in the background now being manufactured by the Reynolds Metal Co., Louisville, Ky.

Mr. and Mrs. Robert DiGiantamasso, nee Phyllia Hoover, are pictured following their recent wedding at the Upland Presbyterian church. Some 400 people witnessed the nuptials.

Miss Hoover, DiGiantamasso Married in Upland Chapel

In a wedding scene marked by baskets of white gladioli, chrysanthemums, and carnations, Miss Phyllis Rae Hoover and Robert Richard DiGiantamasso repeated vows August 19 in the Upland First Presbyterian church.

The bride is the daughter of Mr. and Mrs. Roy Hoover, 123 Caroline Ct. Ontario, while the groom is the son of Mrs. Josephine DiSantis, 10130 Cypress, Fontana, and Richard DiGiantamasso of Los Angeles.

The Rev. Marvin R. Tate, of the Church of Christ, performed the ceremony witnessed by 400 friends of the bridal couple. The aisle was marked by the baskets of flowers, and greenery and palms, with white satin bows marking the pews.

The bride, who was accompanied down the aisle by her father, wore a handmade gown of imported French Chantilly lace over satin with a sweetheart neckline, fitted bodice and pointed sleeves with a three-foot train. Her fingertip veil was held in place by a Juliet cap of satin and seed pearls.

She wore a wedding band belonging to her grandmother, 82-year-old Mrs. Lena Hoover, pearl ear rings and necklace as a gift of the groom, and carried a white Bible belonging to the groom's sister, Mrs. June Wells, and she wore a blue garter, a gift of her mother.

A white orchid surrounded with gardenias and stephanatis formed the floral piece for the bride, along with a white lace-covered Bible.

Miss Sharon Pederson of Ontario, the maid of honor, was gowned in a mint colored crystalet, ballerina length dress with matching shoes and headdress with small veil.

Bridesmaids were Miss Corene Ward and Jayne Grace of Upland, Becky Alba of Ontario, and Mrs. June Wells, sister of the groom, of Fontana. The bridesmaids wore gowns of crystalet in pale blue, yellow, lavender and pink, all ballerina length, while they carried nosegays of carnations matching their gowns.

Ring bearer Gregory Gatton of Newport Beach, dressed formally, carried the bands on a white satin pillow, while flower girl Betty Ann Nuckols of Fresno, dressed in a white floor length frock, carried pink carnations and rose petals.

Brother-in-law of the groom, Paul Wells of Fontana, served as best man while ushers were Don Fellabella of Los Angeles, Frank Zona of Whittier, cousins of the groom, and Meco Testa and Bob Vislay of Fontana.

Two cousins of the bride, Joyce Nuckols of Fresno in a floor length frock of aqua lace and taffeta with pink carnations, and Michael Jarman of Fresno, dressed formally, lit the candles.

Mrs. Hoover, the bride's mother, was attired in a rose-colored lace over taffeta gown with matching accessories and a white orchid corsage. The groom's mother wore a blue lace over satin gown with matching accessories and also a white orchid corsage. Tommy Hoover, stationed at Fort Ord, escorted both mothers down the aisle.

Organist was Mrs. W. L. Wilding, while vocalist Miriam Ades sang "Oh Promise Me," "Because," and "The Lord's Prayer".

Immediately following the ceremony, a reception was held in the social hall of the church. A five-tiered cake was served in a setting of greenery with white chrysanthmums and glads, with white bells and orange blossoms.

Assisting with the reception were Mrs. Eva Davis of Burbank and Mrs. Leroy Jarman of Fresno, Mrs. Joe Blanchard from Mantica and Mrs. Estel Nuckals of Fresno, aunts of the bride; and Mrs. Wayne Gatton of Newport Beach, Mrs. Eddy Davis of Pasadena, and Mrs. Vetia Beard of Downey, cousins of the bride.

Miss Gail Nuckals of Fresno circulated the guest book.

A dinner was served in the evening at the Upland Woman's club to approximately 150 relatives and friends.

Out-of-town guests came from San Francisco, San Bernardino, Rochester, N. Y., and Rome, Italy, for the event. The guests includes the bride's grandparents, Mr. and Mrs. J. F. Watkins of Fresno, and Mrs. Lena Hoover of Burbank.

For their honeymoon in Corona Del Mar, the bride wore a white sheath dress with matching accessories with a white orchid corsage. The couple is now at home at 633 West D St., Ontario.

The new Mrs. DiGiantamasso attended Upland elementary schools, Chaffey high and college, and was in the glee club. She has been employed at Lockheed aircraft in Ontario. Her husband, was graduated from Elsinore Naval Academy and Chaffey college, where he was a member of the Vega Flying club and Varsity club. He is employed at Lockheed aircraft, Ontario.

Guest Speakers For Brethren

The Rev. Gordon Kaufman will be the guest speaker Sunday, 10:30 a.m., in the First Mennonite church, during the absence of the Rev. Paul Goering, pastor. Dr. Henry G. Brubaker, Bishop of the Pacific Coast region of the church will speak next Sunday.

Rev. Burkholder's Topics Announced

During the 10:45 a.m. service his subject will be, "Never Leave the River." During the evening service he will speak on, "God of Both Hills and Valleys."

The church choir, directed by Royce Saltzman will sing both morning and evening.

True Substance Science Topic

"Substance", will be the subject of the lesson sermon in the Christian Science church, Ontario, Sunday when it will be shown that the basis of all spiritual being is in God.

Read from the Bible will be a reference in proverbs which counsels, "In all thy ways acknowledge him, and he shall direct thy paths. Honor the Lord with thy substance, and with the first-fruits of all thine increase.

This thought is correlated in a passage from Mary Baker Eddy's "Science and Health with Key to the Scriptures."

It's always smart to save

I don't pretend to be a financial expert. But I've always been interested in saving money, and in watching what other people do with their money.

After a life of observation, I've arrived at one conclusion IT'S NEVER A MISTAKE TO SAVE MONEY.

No matter what happens in the world or in your life — war, peace, ups or downs — you'll always be glad if you've saved rather than squandered.

A person with a nice, safe nest egg is prepared for ANYTHING. And a good safe place to keep it is at the Euclid Savings and Loan Association. Your account there is insured up to $10,000 and earns good interest (currently 3½% per year).

Mr. and Mrs. Marlin Niesley Here After Abilene Wedding

Now residing at 850 W. Arrow Hwy., and preparing to resume their studies at Upland college, are Mr. and Mrs. Marlin C. Niesley, who were married Aug. 21 in Zion Brethren in Christ church, Abilene, Kan., with Bishop M. M. Book of Talmage, Kan. officiating. An arch of candles flanked by slanted candelabra entwined with lemon leaves and dusted with white and golden sparkles decorated the church.

The bride, who is the former Miss Shirley Jean Book, daughter of Mr. and Mrs. Eldon Book of Abilene, was given in marriage by her father. Her traditional bridal gown of imported Italian Chantilly lace and tulle was styled with a lace and tulle bodice over satin and long lily point sleeves. Her full floor length skirt repeated the points of the bodice with an applique of lace. She wore fingertip and blush veils held in place by a tiny cap ornamented with rhinestones and she carried a shower bouquet of yellow roses and stephanotis fastened to a white Bible, the gift of her parents.

Her cousin Miss Beverly Ann Sheets of Ontario was the matron of honor. Her frock was of turquoise crystaline over taffeta and she carried a shower bouquet of bronze feathered mums. Bridesmaids were Miss JoAnn Huggins, Wichita, a cousin of the bride, Miss Ruth Ann Lady and Miss Lois Ruth Minter, both of Abilene. All three wore gold crystaline frocks with matching slips and they carried bouquets of bronze mums

The flower girls were Suzanne Book and Pamela Book.

Arthur Niesley of Elizabethtown Pa., was his brother's best man and the ushers were John Niesley of Carlisle, another brother of the bridegroom; Ray Zercher, Napanee, Ind.; Stanley Book, Abilene and Duane Engle, Abilene.

Mrs. Book chose a dusty rose two piece costume with white accessories and a corsage of white mums.

Mrs. Ethan Book was the organist. The bridegroom sang "Because," and his brother, John Niesley sang, "The Wedding Prayer."

Approximately 250 guests attended the ceremony and the reception which followed in the church dining hall when the five tier wedding cake was served from a table covered with a gold lace cloth and decorated with a large bouquet. In charge of the reception were Mrs. Maynard Book of Upland, Misses Linda Book, Marlene Engle and Joyce Engle.

For the honeymoon journey to Upland the bride chose a two piece linen costume of pale blue and the Mottet choir. The bride,

2 Col Cop—Joyce Heisey

Mrs. George W. Hostetler, the former Miss Joyce Heisey, and her husband are now in residence at 811 Washington Blvd. Their marriage took place in Elizabethtown, Pa.

Joyce Heisey, G. W. Hostetler Wed In East, Living In Upland

In an impressive ceremony before the altar of the Brethren in Christ Church, Elizabethtown, Pa., in front of an open Bible, enhanced by a single line of flowers and ivy at its base and illumined by two candles on each side, Miss Joyce Heisey, daughter of the Rev. and Mrs. C. R. Heisey, was united in marriage to George W. Hostetler, son of the Rev. and Mrs. Eli Hostetler of Massillon, Ohio, by the father of the bride, assisted by the father of the bridegroom. The marriage date was Aug. 17.

Simple decorations consisted of palms, white gladiolis, white lillies and candelabra. Strands of ivy tied in with white satin bows marked the pews along the center aisle of the church.

Miss June Byers of Chambersburg, Pa., served as maid of honor and Carol Jean McBeth, niece of the bridegroom was flower girl. Myron Mann, of Niagara Christian College, Fort Erie, Canada, served as best man. An unusual feature of the ceremony was a song to the bride by the bridegroom, music and words of which were composed by himself.

The bride was accompanied to the altar by her brother, Chester R. Heisey. Malcolm Hershey served as head usher assisted by Carl Hess, Clayton, Ohio, and Spurgeon Lady, from Maine.

Organ music was furnished by Margie Carper, of Roaring Springs, Pa. and Lloyd Hostetler, brother of the bridegroom sang, "Until." A quartet composed of Hostetler brothers Lloyd, Eli, and Paul, and their brother-in-law, David McBeth, sang "O God of Wisdom" and "Oh, Jesus We Have Promised", while the couple knelt at the altar.

There were about 200 guests in attendance. Distant states, California, Florida, Maine, Massachusets, Ohio and New York were represented.

A reception was held on the lawn of the church in an area backed by a row of pine trees, and maples, lighted by candles in hurricane globes. Additional illumination was provided by strong light bulbs on wires strung from tree to tree, and a lovely three-quarter moon shone upon the pleasant scene.

Mrs. Robert Lehman, sister of the bride, was at the guest book. After the couple cut the first piece of wedding cake, Misses Alice, Fanny and Mabel Heisey took charge of the reception. Mrs. Hubert Stern, sister of the groom, and Miss Esther Miller of Mill Hall, Pa., were at the punch bowls. Misses Jane Martin, Rachel McBeth, Jane Eyer and Mrs. Harold Engle served the guests.

The bride attended Messiah College, Grantham, Pa., and graduated from Upland College, Upland, in June. She will be teaching kindergarten in the school system of Ontario. The bridegroom attended Messiah College and will receive his bachelor of arts degree at Upland College in June 1957.

Mr. and Mrs. Hostetler spent Sunday and Monday nights in the Hostetler home at Massillon, Ohio where a reception was held Monday evening. Their honeymoon was a westward trip to their home and included several of the National Parks along the way. They are now at home at 811 Washington Blvd.

Normal Spine Health Necessity

By Dr. F. B. Arvin

Perhaps you find it difficult to understand why Chiropractors confine their work to the spine, when remote parts of the body are diseased. But find nothing strange about pushing a button on the wall to light a globe suspended from the ceiling. The procedure is practically the same. Connection is made between the sources of energy, the brain or dynamo and the bodily or electric globe. It makes no difference whether it be heart, stomach, kidneys, or some other organ. Normal functions of all organs, muscles and tissues of the body depend upon supply of the vital nerve energy conveyed to them over the nervous system from the brain which generates this energy. Nerves emit from between vertebrae, so when falls, jars or strains misplace a vertabrae, pressures on nerves is produced which interferes with normal function, creating disease.

Adjusting misplaced vertabrae is like pushing the button to produce light: its restored flow of vital energy and health is the natural result.

To you it may seem miraculous that we can adjust vertebrae and regulate blood pressure, relieve constipation, sinus, stomach or kidney trouble, and in fact, most of the ills to which humanity is subjected.

Instead of treating effects, the scientific Chiropractor seeks the cause responsible for effect, known as disease, and by proper adjustments eliminate the cause.

Health is your natural heritage. Thousands of men, women and children realize from experience the health benefits obtained by keeping the spine in normal condition.

(One of a series of articles published in the public intrest to explain and illustrate the practice of scientific Chiropratic, written by Dr. F. B. Arvin, whose office is located at 104 West F, Ontario. Phone YU. 6-0108)
